**6 p.m. - 8 p.m. (MST)**  
**Presentation Time - 6:30 p.m.**

The general public is invited to attend an informational meeting about proposed improvements to State Route (SR) 90 and SR 92 between Campus Drive and Glenn Road/Kachina Trail in Sierra Vista. The Arizona Department of Transportation (ADOT), in cooperation with the Federal Highway Administration (FHWA), is conducting a study of SR 90 and SR 92 from milepost (MP) 321.0 on SR 90 (approximately 0.5 miles north of the SR 90/92 intersection), south to MP 325.2 on SR 92.

The study will identify the types of improvements needed to accommodate projected traffic volumes in 2035, such as constructing additional lanes and implementing access management in the study area, and will evaluate the environmental impacts that would result from constructing the improvements.

The purpose of the meeting is to discuss the status of the study, present the alternatives under consideration and gather public feedback on the alternatives. The input received from this meeting will be used to help refine and evaluate a preferred alternative. Representatives from ADOT, FHWA, and engineering consultants will be present to answer your questions and address your concerns. Map displays will be available for viewing.
